

BINGO

THE EXPECTED FUTURE EDITION

There's a flying car	There's a hologram of a virtual personal assistant	We've colonized space	Video games are quite popular	Everyone's quite fit, no visible disabilities either
People have weird haircuts and/or a lot of piercings	The interior design is minimalist and shiny	There are the uber rich and the super poor	There's a tech hacker / or tech mechanic	Drones populate the sky
Seems like everyone only speaks English	There's intrusive or obnoxious advertising	<p>FREE SPACE</p> <p>www.avenear.com</p>	Names got really weird	There are smart home appliances
People live in cramped urban living conditions	There's a rogue AI system or robot (sometimes both in one!)	People don't seem to eat	The world's gone to shit	People have implants
People wear heads-up displays	There's a sleeping pod	There are voice activated devices	There are robot workers or assistants	There's a lot of neon (often it has just rained too)

<p>B O N U S</p>	<input type="checkbox"/> People (only) eat ramen	<input type="checkbox"/> Robot-human fling
	<input type="checkbox"/> There are highly trained military personnel	<input type="checkbox"/> There's a cyborg
	<input type="checkbox"/> Doesn't seem to be bright, sunny days	<input type="checkbox"/> People can elect to preserve their bodies for later
	<input type="checkbox"/> People have AR makeup (or simply creative makeup)	<input type="checkbox"/> There's been an apocalypse and society has collapsed
	<input type="checkbox"/> There's a virtual concierge at some point	<input type="checkbox"/> No one seems to have any lasting injuries (limp, bruise)

BINGO
